

A Message from Christian Ecology Link

Use your LOAF to make a difference!

The importance of food as an environmental issue is increasingly apparent.
As you eat your meal today, Christian Ecology Link invites you to reflect on the LOAF principles:

Locally produced
Organically grown
Animal friendly
Fairly traded

Enjoy your meal!

Food matters. The kind of food we choose should demonstrate our care for God's creation. What food is provided in our church? At home? How far did it travel?

Bread has symbolic meaning. Jesus blessed and broke bread and gave it to his disciples saying 'Do this in remembrance of me'.
