

Thank you for your support

Operation Noah is a project of Christian Ecology Link and the Environmental Issues Network of Churches Together in Britain and Ireland. Occasionally we may send you updates about Operation Noah. We will add your details to our database, and undertake not to pass your details on to any third party. If you ever wish them to be deleted, you need only let us know.

Please tell us how you got this leaflet, (e.g. Friend, Name of Church etc.):

.....
.....
It costs £20 to get another church or community group on board Operation Noah. Please consider enclosing a donation, payable to Operation Noah.

Taxpayers, if you have donated over £10, please sign this Gift Aid declaration:

I want Operation Noah and Christian Ecology Link to treat all payments I make from the date of this declaration until I notify you otherwise as Gift Aid donations. I understand that I must pay an amount of IncomeTax or Capital Gains Tax at least equal to the tax reclaimed on my donations in the Tax Year.

Begin to **Cut the Carbon** today

Switch to green energy

You can avoid emitting tonnes of greenhouse gas each year by changing to electricity from renewable sources. An impartial list of green energy suppliers is available at www.greenelectricity.org. If you switch to one of the companies listed below, the supplier will make a donation to Operation Noah.

Green Energy UK: Call 0845 456 9550 and mention Operation Noah

Good Energy: Call 0845 456 1640 and mention Operation Noah

Avoid air travel

Air travel is the most polluting form of transport and is growing rapidly as source of carbon emissions. A long-haul trip uses up an individual's entire annual fair share of carbon emissions.

Tell your MP

Tell your MP that you have signed the Climate Covenant with Operation Noah, and ask what he or she is doing to avert dangerous climate change. For a sample letter visit our website.

For more information **call us on 0845 233 5399**

Visit www.operationnoah.org E-mail: info@operationnoah.org

Operation Noah
is a project of
Christian Ecology
Link and Churches
Together in Britain
and Ireland, both
registered charities.

Operation Noah
is a member of:

Climate change The future is in your hands

Cut the Carbon

Join thousands of others creating
a climate of justice for the poor
and future generations

We're all in the same boat

The world is experiencing an upsurge in flooding, drought and damaging storms.

It is caused mainly by industrialised countries burning oil, coal and gas. This releases carbon dioxide, which traps heat from the sun.

We in the UK produce 50 times more carbon emissions than those in the poorest countries.

But it is the poor that will feel its worst effects. By 2050, rising sea levels, severe weather and crop failures could create 150 million refugees.

Governments and industry will only act if voters and consumers show they care.

You have the power to do that in three easy steps.

All countries, rich and poor, should have an equal entitlement per person to produce emissions, within a safe globally agreed limit. This policy is known internationally as 'contraction and convergence'.

Even in the UK, 5 million people are at risk from flooding and storm damage.

However, no agreement exists which will protect the climate and the life which depends on it. Carbon emissions are continuing to escalate, but with bold leadership we could be using energy more efficiently and harnessing safer sources.

With investment in clean sources of energy, such a policy will help secure a decent quality of life for everyone, today and in centuries to come.

Don't just rock the boat... Let's Build the Ark!

1. Sign the Climate Covenant

Please sign the card and invite those you live with the chance to sign it too. Detach it and post it back to us (no stamp needed). We will add your voice to those demanding effective action.

2. Cut the Carbon

Join thousands who are already on the road to a 'low carbon' lifestyle with Operation Noah. You can make a start right now with one of the actions overleaf.

3. Spread the word

Help others on board Operation Noah. You can download our free campaign resources from www.operationnoah.org. And you can also help others to 'build the Ark' by making a donation.

Sign the Climate Covenant

“To avert catastrophic climate change, we call upon world leaders and every person to **cut carbon emissions** to a safe level in a way that is fair for all the world's people.

I will act to cut my carbon emissions.”
