

Community engagement and development

**Weds 31st October, 7.30pm
Cathedral Chapter House, Truro**

£3 suggested donation to help with costs

With speakers:

Dr Charlotte MacKenzie

Cornwall Neighbourhoods for Change

Ian Jones and Martin Alvey

Cornwall Centre for Volunteers

Canon Philip Lambert

Truro Cathedral.

Three perspectives on communities. What can we do to build and support stronger communities in Cornwall? Is there anything we can learn from communities elsewhere? Do you want your community to influence what Truro is like in the future? How can we involve Truro's community in tackling the twin challenges of climate change and peak oil?

**Transition Truro -
engaging the
community in
designing a vibrant
low energy future for
Truro and the
surrounding area to
face the twin
challenges posed by
Peak Oil and
Climate Change.**
